In our harried modern world, our many relatives are often scattered far and wide and lose touch with each other. The Family Ties Newsletter was born out of my realization that we could all be brought closer together if we shared our family news. "I've Been Thinking" is the editorial section of the newsletter covering my views on current events, books I've read, life observations, guidelines for living, and personal memories. They are written to offer comfort, inspiration and kind advice in dealing with the many problems and challenges we all face daily. While it was written for our particular extended family, the subject matter should be of help to all families.
