Fifteen original wood-based projects introduce miniaturists to the charm of old-fashioned country furniture. All appear in the popular 1/12 scale with illustrated easy-to-follow instructions, along with background history, so doll house owners can tailor their pieces to suit a particular period or region. Because the projects are arranged in the order of difficulty, crafters will learn skills progressively and gain confidence as they go along. No special experience or expertise is required to make such traditional items as a Dough-Kneading Board, Kitchen Table, Washstand, Dowry Chest, Settle, Cradle, and Chest of Drawers. They'll enhance any doll's house.
