Statistics for People Who (Think They) Hate Statistics: The Excel Edition

Neil J. Salkind

Statistics for People Who (Think They) Hate Statistics: The Excel Edition Neil J. Salkind

Derived from his bestselling text *Statistics for People Who (Think They) Hate Statistics*, author Neil J. Salkind presents readers with **The Excel Edition!** Using the same personable and clear style that made previous editions so successful, this new edition teaches students how they can use Excel to learn the basics of statistics. This is not a text on how to use Excel, rather it illustrates how this program can make the statistics learning experience a better one.

From reader reviews:

Sally Oneal:

What do you concentrate on book? It is just for students because they're still students or the idea for all people in the world, the actual best subject for that? Merely you can be answered for that concern above. Every person has several personality and hobby for every single other. Don't to be pressured someone or something that they don't need do that. You must know how great and also important the book Statistics for People Who (Think They) Hate Statistics: The Excel Edition. All type of book would you see on many methods. You can look for the internet sources or other social media.

Victor Banister:

Nowadays reading books be a little more than want or need but also become a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge your information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want have more knowledge just go with schooling books but if you want really feel happy read one together with theme for entertaining like comic or novel. Often the Statistics for People Who (Think They) Hate Statistics: The Excel Edition is kind of reserve which is giving the reader unstable experience.
