It's Time to Talk!

Unidos is a first.

- Incorporates the **flip teaching model** into its highly flexible approach
- Capitalizes on using technology so that **valuable class time is focused on applying knowledge** rather than for instruction—it literally flips the nature of what typically takes place in class and out of class.
- Instead of first learning in the classroom and then practicing learned material out of class, students **learn outside of class and then apply what they have learned in the communicative environment of the classroom.**
