“TE PASAS LA VIDA PENSANDO” es una novela urbana en la que la trama argumental se ha construido a partir de la fantasía desarrollada por un individuo después de padecer una situación traumática. Rafa se niega a sufrir y a aceptar una realidad dolorosa. La alteración de su psique no se debe a ningún tipo de patología orgánica y por tanto es más difícil su curación. Su mente, al igual que la de su padre, elabora la existencia de un personaje con el que conversar y en el que depositar su amor y confianza.
