A damaged Vietnam veteran struggles to understand the moon landing; an avid materialist rages against glorious new life; a coward speaks with a homeless man; a lost suit recounts religious experiences; an omnipotent narrator fails to unravel a murderer's life; death threatens the nihilism two old friends live by; a grieving man walks through his wife's garden towards the sunrise; a conscientious objector and a combat veteran meet, each hoping the other can locate lost parts of themselves; A gang of teenage untouchables go in search of creatures more alien than themselves; a drought-stricken man doubles down on shaky hope; lost souls in search of angels congregate beneath heaven; a nomad of the digital netherworld tries to find his way back via Mary, a single ex-mother and the anchor of his delusions; a pair of unemployed, middle-aged women try to destroy a system that almost broke them.

Thirteen voices from the borderlands.
