## **The Most Complete Car Encyclopedia, Vol. 1, AA to AL** Petru-Ionut Vasilescu

As the book title says, this is "The most complete car encyclopedia" ever created. The whole series will have more than 10.000 car brands and 50.000 car models as the database and text for the whole series of volumes have already been finished after a continuous work, started in 1991 and cumulating more than 50.000 hours. "The most complete car encyclopedia book series", includes all the car manufacturers in the world, from all the times, with all their models. All the brands are sorted in alphabetical order, starting from A to Z. Each volume covers only a fraction of the alphabet. The models inside each car brand are sorted in 4 categories: series production, concept and prototypes, race cars and coachbuilt models and listed in chronological order inside each category. It includes all types of cars, including kit-cars, self built cars or single-seat racers as Formula 1, Formula 3000 or Indy Car racers. The main difference between this book and all the others of its type, besides the bigger number of car brands is that it covers each model individually, with its own information, specifications and complete photo galleries. This first volume includes: 362 car brands and 1353 car models, covering all the brands that have a name starting with numbers or with letters between AA and AL. The second volume will be available in December as each new volume will be launched with an interval of 2 months, making the financial effort of the collector, a lot easier
