Loyalty and Disloyalty

Dag Heward-Mills

Loyalty and Disloyalty Dag Heward-Mills

Part of the Loyalty series, *Loyalty and Disloyalty* deals firmly with the fine line that distinguishes between the two attitudes, and talks about the defining moments we should all be aware of in our own lives, and the lives of those around us. This book is a roadmap for both leaders and followers. As leaders, we need wisdom to guide our sensitivities. Picking up disloyalty early on in those around us can prevent disaster later. Taking action swiftly and firmly is vital. As followers, we need to be keenly aware when our own loyalty to our shepherds is being diverted within ourselves. Though a primary requirement of God for leaders, very little has been written on this subject. In this book, Dag Heward-Mills outlines very important principles, with the intention of increasing the stability of churches. So relevant and practical is the content of this book that it has become an indispensable tool for many church leaders. Dag Heward-Mills is the founder of Lighthouse Chapel International, which has become a worldwide denomination. He is the author of several best-selling books and his radio, TV and internet programs reach millions around the world. Other outreaches include conferences for pastors and ministers, and the renowned Anagkazo Bible Ministry & Training Centre. "... a life-changing book. I believe your life will be greatly enriched and renewed as you absorb and apply the truth it brings to light. Surely it is God's desire that you become a leader who has purpose, and is consistent in your personal life and ministry. You will not only perceive your need to be a great leader, but you will understand how to achieve it with victory and confidence." - John Delgado, President, Vision International University, Florida, USA.

From reader reviews:

Kevin Kennard:

Nowadays reading books be a little more than want or need but also get a life style. This reading routine give you lot of advantages. Advantages you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want drive more knowledge just go with schooling books but if you want really feel happy read one together with theme for entertaining for example comic or novel. Often the Loyalty and Disloyalty is kind of guide which is giving the reader unpredictable experience.

Amanda Grant:

Information is provisions for people to get better life, information currently can get by anyone in everywhere. The information can be a know-how or any news even a problem. What people must be consider while those information which is from the former life are hard to be find than now could be taking seriously which one would work to believe or which one the actual resource are convinced. If you find the unstable resource then you have it as your main information you will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Loyalty and Disloyalty as your daily resource information.

Reva Morison:

Reading a book being new life style in this yr; every people loves to go through a book. When you examine a book you can get a lot of benefit. When you read ebooks, you can improve your knowledge, simply because book has a lot of information upon it. The information that you will get depend on what forms of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, as well as soon. The Loyalty and Disloyalty provide you with new experience in looking at a book.

Rosa Milliken:

Is it you actually who having spare time after that spend it whole day simply by watching television programs or just lying on the bed? Do you need something new? This Loyalty and Disloyalty can be the answer, oh how comes? A fresh book you know. You are so out of date, spending your spare time by reading in this fresh era is common not a geek activity. So what these books have than the others?
