Men started to book my wife...

We'd both enjoyed our adventures in the hotel, but now it was time to take things to the next level. I set my wife up in an apartment where **she could entertain clients while I watched through a one-way mirror.** We took photos of her and advertised her services on a website--soon, we were getting bookings.

But what would happen when her very first client turned out to be **rich, demanding...and into BDSM?** Could I really watch as he tied her up and **made her his submissive...right in front of me?**
