## LOVE POEMS FOR YOUR VALENTINE Joy Kapur

My humble wish is that everyone should read these poems with someone special and enjoy these lyrics with bliss and ecstasy which I experienced while writing these poems. They contain the stories of every heart and guide us to shape our lives with everlasting love that is ever enshrined in our hearts.

Everything in the sensory world has a beginning and an end. Pleasures and gratifications born of senses, not only bring about competition, jealousy, ego and greed, but also they are ephemeral and cannot give lasting satisfaction. The only source of true joy and bliss is the quest of the Infinite.

This world is real, but the world that changes according to our moods and emotions is not real. All works, rituals and emotions are useless if the heart is not involved. When the human love becomes pure and unadulterated, it transcends to divine love...love becomes religion and beloved becomes God.

True love is being utterly alone in the stream of truth or cosmic consciousness. These poems have the aroma of true love emanating from the stillness within, from the purity and tranquility of the inner recesses of the heart, and transports us to the "boundlessness of the "beyond".

It washes away, from the consciousness, the dust of mundane and crudeness of everyday life. The ethereality of thoughts in these verses is not what is written in these verses but what is left to the realm of the unconscious. They only attempt to describe the sparkle of the dewdrops on the morning lilies or the colorful rainbows of infinite creations.

All spiritual teachings are in vain, if we cannot feel the beat of love, if we cannot touch each other with our hearts. Not the so-called love that is just an impulse, we are talking of the love that stems from the heart and flourishes on its own inner abundance and not from intellect or ego.

Each poem has some truth and hidden in its essence, some mystical message. For seekers of truth, poetry is love, poetry is meditation, poetry is music, poetry is bliss and for those true lovers of love, poetry reflects eternity, and nurtures the hearts with its sublime touch.

Love is the only word that expresses LOVE in totality...?It is the sweetest music that is going on in your heart and can only be heard by the inner ears. Blessed are those who hear it all the time and get high on it; and the enlightened ones can hear and feel the tingle in every cell of their bodies, but the intoxicated are those who are high on life every moment of the day. Such is the power of LOVE!
