13 HOURS IN BENGHAZI: Soldiers, ISIS, The Islamic State, ISIL, & Hillary Clinton: Libya, Terrorism, Homegrown Terrorism (Illustrated) Jim Moore

13 HOURS IN BENGHAZI is a deep, detailed exploration of why and how armed militias with ties to terrorist organizations attacked U.S. facilities in Benghazi, Libya. Jim Moore delves into what really happened on September 11, 2012. He vividly describes the heroic actions of elite American soldiers who protected those inside the U.S. embassy, saving countless lives. Despite their heroism, by the time the violence was over Ambassador Christopher Stevens lay dead. State Department Information Officer Sean Smith was also killed, along with two American security officers – and former U.S. Navy SEALs – Tyrone Woods and Glen Doherty. But could more have been done to prevent the deaths? This is precisely the question Moore unravels, showing exactly why the answer is a resounding 'Yes.' He doggedly asks, why did Hillary Clinton and the Obama Administration not call in reinforcements? Moore also goes deep inside the State Department's coverup in the aftermath of the attacks. He tears apart the various and ever-changing official Clinton/Obama accounts of what happened during the second 9/11 attack. And he shows why Hillary Clinton's secret server could hold the key to unlocking the truth. But more importantly, Moore looks at the Benghazi attack in a wider global context, showing how it relates to the rise of ISIS and extreme forms of terrorism in the Middle East and the West.
