Though my TABOO stories are about pushing the limits and breaking all the rules, it seems there are just some guidelines that we all have to follow. Of course, when Amazon banned my original titles for being too hot and controversial, I wondered if I could simply seduce my way out of trouble *like most of my characters do! But alas, I have been forced to submit to their authority (some of my characters like that too!) and provide only very vague titles and descriptions for you, the reader.

Believe me, Nikki's Naughty Night was not my first choice for this book.

But don't worry! This erotic story still features all the good stuff inside – naughty, kinky, forbidden relationships that explore the taboo of sexy characters who live and play together. Some readers may find this material offensive, so consider yourself warned...

Eighteen year old Nikki has had a crush on widower Mr. McKade for as long as she can remember . And she would do anything to get his attention, including proving that she's old enough for a real man now. So when he arrives home late one evening, this naughty nanny decides it's finally time to tempt her way into his grieving heart.
