Creating an Environment for Successful Projects, 2nd Edition

Robert J. Graham, Randall L. Englund

Creating an Environment for Successful Projects, 2nd Edition Robert J. Graham, Randall L. Englund Since it was first published in 1997, *Creating an Environment for Successful Projects* has become a landmark work that shows how to develop project management as an organizational practice. This second edition offers solid, results-oriented advice on how upper management can create an environment that supports the success of special projects and the development of new products. The book also includes a wealth of examples from the authors' workshop participants and readers of the first edition who have successfully implemented these concepts within their organizations. New in the second edition:

- Ideas and practices about portfolio management to achieve greater overall success from a portfolio of projects
- Advice for helping project teams come together to become more effective
- Information for developing the chief project officer
- Suggestions for implementing project management information systems
- More descriptions about organizations and people who have used these principles to develop vastly improved environments
