THE JERICHO PACT [AN OFFICE 119 NOVEL] BY RACHEL LEE Rachel Lee

After the assassination of the German chancellor, the security of Office 119 is torn by the multitude of threats facing Europe and its people. Now time is running out. Agent Renate Bachle must do everything and anything to stop a conspirator willing to push nations to war and scapegoat an entire race in a bid for deadly power. In the shadows, a renegade priest and his bodyguard attempt to protect a sacred codex as ancient as it is coveted. But not even those willing to manipulate the Vatican to save the world can grasp the true nature of the power that has fallen into the wrong hands. All they can do is try to harness it long enough to stem the tide of blood and evil before it washes across Europe...and the globe. --This text refers to the Kindle Edition edition.
