Creatus (Creatus Series) (Volume 1) Carmen DeSousa

It is from them we obtain our fairy tales--and our nightmares. They are the reason we believe in superheroes--and monsters. Because...they exist.

Kristina knows he exists. She witnessed his supernatural strength when he saved her life and his sorrow when he failed to save her mother. She knows he watches over her from a distance. And she will do whatever it takes to get his attention, even throw herself off the highest bridge in Boston to force him out of the shadows.

Derrick is one of the creatus, created beings who have been on earth more than four thousand years. Many questions surround the origin of these sentient beings who are stronger than humans, eat differently, and live longer. But they were created just as we were, maybe even before us. It is from them we obtain our fairy tales--and our nightmares. They are the reason we believe in superheroes--and monsters. Because...they exist.

In the past, they kept the human race safe from an anonymous distance. But now Derrick must come out of the darkness to save a woman he has no business loving, even if doing so may threaten his entire race.

The Creatus Series is not your normal paranormal story...it's a realistic romantic mystery based on the myths you've heard your entire life. Prepare to believe...
