Frightful's Daughter Jean Craighead George

Fans of Sam Gribble and his falcon friend, Frightful, will thrill to Jean Craighead George's new book about these beloved characters. Now living in the wild, Frightful and her mate hatch three babies. The female, Oksi, "does things her own way" and, like her mother, is destined for greatness. Readers will follow her singular path from the time she breaks out of her rosy shell to her young adulthood, when Sam saves her life and they bond.

Jean George's themes--the interdependence of human and animal, respect for the wild, and the importance of nature--shine through in her storytelling. In the latest book in her best-selling wilderness series, she introduces a younger group of readers to that one mountain among thousands and the one boy, Sam, who lives there. With majestic, sweeping artwork of the sky and forest near Sam's mountain, Daniel San Souci adds his vision to the story of these noble, remarkable raptors and their human friends.
