Simplified Magic: A Beginner's Guide to the New Age Quabala (Llewellyn's new age series) Ted Andrews

Simplified Magic by Ted Andrews is the ideal beginning guide to learning the ancient art of catalyzing desired changes through knowledge and manipulation of energy. The key to this style of magic is the ancient Qabala. This book shows that magic ? real magic ? is very spiritual in nature, yet does not take decades of practice to master.

And what can you learn? The practical techniques in this book will show you how to use the Qabala and its major symbol, the Tree of Life, to help you become stronger mentally, physically, emotionally, and spiritually. You will also be protected from the dangers of psychic attack. The book shows you how to find more happiness and luck. You can even use the techniques here to bring more love into your life. And of course, what good would magic be if it didn't include ways to improve your finances and manifest improved health? You'll find those techniques here, too.

You will find beginning rituals such as the Qabalistic Cross and the Middle Pillar that will bring practical levels to your spiritual studies. You'll also learn how to do Pathworking, where your soul is free to soar and explore the Tree of Life. Throughout all of the practical information you will discover the ancient techniques of enhancing your spirituality and your sense of being in tune with the Divine.

Don't let the fact that the Qabala is ancient turn you away from this book! Author Ted Andrews has explained the ancient system in an original way, making this the first book of the New Age Qabala. This is the book that will make clear to you the ancient mysteries so you can use them in your daily life.

This book may be the key element in making the changes you need in your life. Step up to the door and use the key to open the way to a better, happier, more successful future.
