**Wuthering Heights (Annotated): Contains the 1883 biography by A. Mary F. Robinson** Emily Brontë, A. Mary F. Robinson

Following in the footsteps of Tristan and Isolde, Romeo and Juliet and other star-crossed lovers, Wuthering Heights introduces us to the romance, passion and brutality of Cathy and Heathcliff's doomed love affair. Set on bleak moorland, the farmhouse, Wuthering Heights, crouches miles from civilisation. The isolation, the darkness and savagery are a million miles away from contemporary novels of the time that explore 'polite society'. Wuthering Heights takes us on a personal journey of the senses – of the frustration and isolation felt by the characters in the book and of Emily Bronte herself.

This work has been annotated by A. Mary F. Robinson in her 1883 biography eponymously titled 'Emily Bronte' (included at the back of the book). This in-depth look at the author's life, her family and her influences at once adds context and texture to Emily Bronte's only novel. This work has been carefully scanned and painstakingly corrected and proof-read for an exemplary reader experience.
