Positioning the History of Science (Boston Studies in the Philosophy and History of Science)

Positioning the History of Science (Boston Studies in the Philosophy and History of Science)

This volume, compiled in honor of Sam Schweber, an outstanding historian of science, physicist and exceptional human being, offers a

comprehensive survey of the present state of the history of science.

It collects essays written by leading representatives in the field.

The essays examine the state of the history of science today and issues related to its future.
