This is a booklet meant to accompany the Tarot Cards of the Mystic Mongrel, but this booklet also gives great insight of traditional card meanings for any "standard" tarot deck! [The deck of the Mystic Mongrel can be purchased by going to: <https://www.thegamecrafter.com/games/tarot-of-the-mystic-mongrel1> ~just hit the green "buy" button and purchase your deck!] This booklet is my adaptation of the cards meanings shared widely by others since the first Rider-Waite decks were introduced in 1910 for divination use. In this booklet I share the interpretations of the tarot card meanings, as well as give a couple of examples of popular card spreads for use to further incorporate the cards of the Mystic Mongrel as a divination tool. A tarot reading can be enlightening, as well as useful, to gain insight into the inner workings of the subconscious mind, and with the Mystic Mongrel Tarot, the unique images add new insight to a familiar tool.
