## The (Unofficial) Samsung Galaxy Gear Smartwatch Book SmartWatchBooks

If you're thinking of joining the smartwatch revolution, you'll need to know which watch to buy... and / or how to use it when you've bought it.

This book is about the **Samsung Galaxy Gear** smartwatch, which was one of the first "big name" smart watches of the 2013 crop and the natural companion to the Samsung Galaxy Note 3.

It's an "unofficial" book because we haven't colluded with the device manufacturer during the writing of the book, which means we can say what we really think. And if we say we like it, it's not because we've been encouraged to say so.

So whether you're so-far undecided, or have already purchased your Samsung Galaxy Gear... **buy this book!**
