Here stands the New Man. His conception of reality is a dance of electronic images fired into his forebrain, a gossamer construction of his masters, designed so that he will not--under any circumstances--perceive the actual. This New Man's happiness is delivered to him through a tube or an electronic connection. His God lurks behind an electronic curtain; when the curtain is pulled away we find the CIA sorcerer, the media manipulator. Jeff Keith is one of the foremost writers and researchers on political conspiracy in the world today.
