## **The Simpsons in the Classroom: Embiggening the Learning Experience with the Wisdom of Springfield** Karma Waltonen, Denise Du Vernay

The object of much debate, attention, and scholarship since it first aired more than 20 years ago, The Simpsons provides excellent, if unexpected, fodder for high school and college lesson plans. After all, laughing students are hardly sleeping students! But The Simpsons also provides a familiar student knowledge base which instructors can use as a jumping-off point to introduce concepts in literature, composition, linguistics, cultural studies, gender studies, and media appreciation. The authors, both of whom have been teaching The Simpsons for more than a decade, share exercises, prompts, and even syllabi that have proven successful in their own courses.
