*The truth will not stay buried.*

During World War II, Germany's Hürtgen Forest was a killing field. But there was something worse than the enemy in the mist. An ancient power was waiting to prey upon those who opposed the Third Reich.

Jack Chambers survived the war, but even after all these years, he still has nightmares about Hürtgen—and the unholy horrors he battled there. Now he is determined to reveal the truth behind his platoon's massacre and entrusts the task to his grandson, Sean. But Sean's quest sets him in a deadly race against those who wish to bury the truth forever—and those who plan to use it to unleash hell on Earth.
