Free! “Where Am I Going” is about awareness in the human sense, it’s about being aware of our everyday existence here and now. Why we do the things we do, day in and day out? Is what we are doing day to day really profitable, and if so, in what way is it profitable? Does it profit our further meaning here in this life? Or is it all together a waste of our time? Have we considered the God factor? Are we considering the hereafter, and if not, why not? Are we surrounded by spirits, some good and some bad? If so, how does that come into play in our earthly agenda? Why does one exist, and where is our thoughts on this matter?

Some of us go on living daily without regarding our immediate future. Our immediate future is after death. Eternity cannot be compared to our short lived time here in this existence. Just as one prepares for life by going to college, should we not much more prepare for our hereafter? If we are not, why are we not?

Answers to these thoughts of question and much more will be found in the chapters ahead. I believe the information found here can inspire you for a more meaningful existence and a more profitable life.
