What if you had a choice to be either rich or famous: which one would you choose? That had always been a simple answer for Lorenzo; money and he could never seem to make enough of it. Growing up, always desperate for a dollar made him cold and calculating. Being rich was his only objective in life until he met Dior. Dior is shallow and superficial. She only craves one thing; fame. That means walking red carpets and flashing lights. If you can't make that her reality then you serve no purpose. But can Lorenzo convince Dior that his money can buy her all the desires of her heart or will her thirst for fame destroy them both? One thing is for certain, when Lorenzo and Dior's paths cross, the course of their destiny will forever be changed.
