Calculating the Dates of the Birth and Crucifixion of Jesus

James A. Nollet

Calculating the Dates of the Birth and Crucifixion of Jesus James A. Nollet

"Calculating the Dates of the Birth and Crucifixion of Jesus" calculates and proves the exact date of the Crucifixion, as April 3, AD 33. Its opening chapter deals with the Nativity, and challenges the popular conception that Jesus was born in 4 BC or even earlier, estimating instead that Jesus was born between 2 BC - AD 1. In the process of finding this short range of years, this book resolves the apparent conflict in the traditional dating systems of the Nativity – 4 BC (Matthew) or AD 6 (Luke). Anyone who is interested in learning more about the life of Jesus, as well as what Christianity isn't, will find much food for thought in Nollet's well-researched work.
