Nursing Diagnosis Cards Sheila M. Sparks, Cynthia M. Taylor

These cards feature more than 200 care plans and cover every NANDA approved nursing diagnosis including those approved at the April 2002 Conference. Each care plan contains a NANDA approved diagnostic label, etiology, definition, assessment criteria, defining characteristics, risk factors, expected outcomes, and interventions and rationales. This edition includes more than 20 new diagnoses and new plans of care for psychiatric problems, as well as the newly accepted classification system for nurses, Taxonomy II, and a code conversion chart that shows codes for both Taxonomy I and Taxonomy II. Also includes one new appendix on critical thinking and nursing diagnosis

From reader reviews:

Justin Moore:

As people who live in typically the modest era should be revise about what going on or details even knowledge to make these individuals keep up with the era and that is always change and advance. Some of you maybe will probably update themselves by reading books. It is a good choice to suit your needs but the problems coming to you is you don't know which one you should start with. This Nursing Diagnosis Cards is our recommendation to cause you to keep up with the world. Why, because book serves what you want and wish in this era.

Percy Brown:

Spent a free a chance to be fun activity to try and do! A lot of people spent their leisure time with their family, or their own friends. Usually they undertaking activity like watching television, likely to beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Will you something different to fill your free time/ holiday? Could be reading a book can be option to fill your cost-free time/ holiday. The first thing you ask may be what kinds of guide that you should read. If you want to try look for book, may be the publication untitled Nursing Diagnosis Cards can be good book to read. May be it might be best activity to you.

Robert Perkins:

As we know that book is vital thing to add our knowledge for everything. By a guide we can know everything we would like. A book is a group of written, printed, illustrated or maybe blank sheet. Every year ended up being exactly added. This publication Nursing Diagnosis Cards was filled regarding science. Spend your extra time to add your knowledge about your science competence. Some people has various feel when they reading a book. If you know how big benefit of a book, you can sense enjoy to read a guide. In the modern era like currently, many ways to get book that you just wanted.

Jacqueline Morrison:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book was rare? Why so many problem for the book? But any people feel that they enjoy for reading. Some people likes reading through, not only science book but also novel and Nursing Diagnosis Cards or even others sources were given understanding for you. After you know how the great a book, you feel wish to read more and more. Science reserve was created for teacher or perhaps students especially. Those guides are helping them to put their knowledge. In other case, beside science book, any other book likes Nursing Diagnosis Cards to make your spare time much more colorful. Many types of book like this one.
