\*\*\*From the author of the Amazon #1 Bestselling Novel, *The Air He Breathes*, comes the next book in the elements series. Complete Standalone!\*\*\*

There once was a boy, and I loved him.

Logan Francis Silverstone and I were complete opposites. I danced, and he stood still. He was quiet, while I ran my mouth. He struggled to find a smile, and I refused to frown.

The night I saw the darkness that truly lived inside of him, I couldn't look away.

We were broken together, yet somehow whole. We were wrong together, but always right. We were the stars that burned across the night sky, searching for a wish, praying for better tomorrows.

Until the day I lost him. He threw us away with one hasty decision--a decision that changed us forever.

There once was a boy, and I loved him.

And for a few breaths, a few whispers, a few moments, I think he loved me, too.
