Venezuela Before Chávez: Anatomy of an Economic Collapse

Venezuela Before Chávez: Anatomy of an Economic Collapse

At the beginning of the twentieth century, Venezuela had one of the poorest economies in Latin America, but by 1970 it had become the richest country in the region and one of the twenty richest countries in the world, ahead of countries such as Greece, Israel, and Spain. Between 1978 and 2001, however, Venezuela's economy went sharply in reverse, with non-oil GDP declining by almost 19 percent and oil GDP by an astonishing 65 percent. What accounts for this drastic turnabout? The editors of *Venezuela Before Chávez*, who each played a policymaking role in the country's economy during the past two decades, have brought together a group of economists and political scientists to examine systematically the impact of a wide range of factors affecting the economy's collapse, from the cost of labor regulation and the development of financial markets to the weakening of democratic governance and the politics of decisions about industrial policy.

Aside from the editors, the contributors are Omar Bello, Adriana Bermúdez, Matías Braun, Javier Corrales, Jonathan Di John, Rafael Di Tella, Javier Donna, Samuel Freije, Dan Levy, Robert MacCulloch, Osmel Manzano, Francisco Monaldi, María Antonia Moreno, Daniel Ortega, Michael Penfold, José Pineda, Lant Pritchett, Cameron A. Shelton, and Dean Yang.

The Enjoyable option here cannot be questionable, just like treasuring beautiful island. Use you still want to miss that? Find this book along with read it from now!

Louis Chavez:

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Venezuela Before Chávez: Anatomy of an Economic Collapse can make you sense more interested to read.
